6	Rest day	Rest day	Walk / jog Repeat walk 5min and jog 3min x3, cooldown 10min	Rest day	Gentle movement Yoga, pilates or walk	Rest day	 Race day	😊 😐 😞

Top tips

- 1 Check the weather before training and choose clothing and footwear to suit your conditions. Always cover up, and wear sunscreen of SPF 15+. Plus, Runners Need in-store specialists are always here to help with advice on the perfect running kit for you. **Don't forget, with your Race for Life entry you also get 15% off at Runners Need in-store and online!***
- 2 Take this training plan at your own pace. Don't worry about speed and focus on completing the session. **Remember, you can book a gait analysis appointment for a personalised shoe fitting with a Runners Need specialist to learn more about your feet and the best shoes for you.**
- 3 Don't worry if you have to move a session here or there. Life gets in the way, so make the plan work for you.
- 4 Rest days are important too. They allow your body to recover and prepare for your next run.
- 5 Try doing the run to distance at the same time of day as the race. This way, your body can adapt, ready for Race day!
- 6 Remember what you're doing this for! Have fun, enjoy the day and go at your own pace.
